Eventful

Art and culture are more than just notes, sounds and choreography. Culture is so much more: it lets us forget everyday life and the pressure of time. In Kufsteinerland, the region around the powerful Kaiser Mountains near the Austria/Bavaria border, we celebrate the summer with top-class „KULTura“ events.

„Culture begins in the heart of each individual.“

*Johann Nepomuk Nestroy (1801 - 1862),
Austrian playwright and actor*

SUMMER

The Tyrolean culture summer begins annually with the Tyrolean festival Erl. It's already clear that the Tyrolean festival Erl in 2017 will once again be as successful as the previous summer festivals have been.

Piano Days:

6 – 9 April 2017

As part of the Piano Days the piano school from the Accademia di Montegral, based in the dell'Angelo monastery in Lucca, presents itself. In reference to the name of the monastery and their school headquarters, they call themselves PIANISTI DELL'ANGELO. A careful selection of interpretations and works from all periods allows tonally fascinating piano music to come back into somewhat forgotten focus.

The Ring of the Nibelung

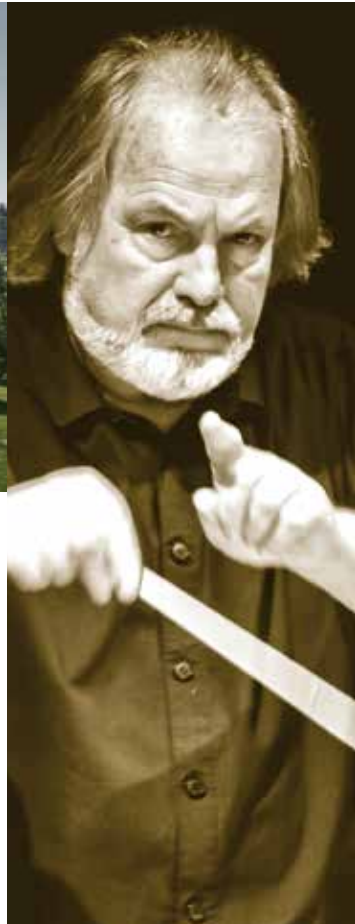

Once again in 2017 the international Wagner community is looking forward to the Erl Ring cycle - in exactly the form which it was originally composed for but which is hardly performed anywhere else in the world: on four consecutive days. Naturally with German and English subtitles. Be quick if you want to be a part of it. In 2017 there will only be one Ring cycle.

29 years of Academia Vocalis

**International master classes for vocals and concerts
10 July – 28 August 2017**

Academia Vocalis is an ambitious cultural institution, whose global impact can be felt far beyond the Tyrolean Mountains and resonates much more widely than just in the Tyrolean valleys, and which is globally respected for the wealth of master courses with esteemed international stars. Alongside their love and passion for music, the organisers now also have decades of experience in music.

An educational institution not a festival

Prof. Dr. h.c. KS Brigitte Fassbaender confirms that the Academia Vocalis will remain an educational event not a festival: „Master courses aren't always as serious and high-quality as they are at Academia Vocalis!“

Operetta Summer Kufstein 2017 *„The Gypsy Baron“*

28 July - 13 August 2017

Operetta in three acts by Johann Strauss

The Operetta Summer in Kufstein is very popular, and is an absolute highlight amongst the cultural events in Tyrol. The combination of established stars from the Vienna Volksoper and talented young artists, who play their roles with drive and charm, gives the productions of the Operetta Summer, Kufstein a special appeal.

From 28 July to 13 August 2017 Johann Strauss' „The Gypsy Baron“, a world-famous operetta, is on the programme of the Operetta Summer. Operetta lovers can look forward to a refreshing production, an enthusiastic performance by the artists and a unique atmosphere. The piece is set in Hungary in 1750, during the rule of Empress Maria Theresia. Sándor Barinkay is the hero of the story. His father needed to go into exile a long time ago due to the conflicts. The son returns to Hungary to claim his inheritance. He falls in love with a „gypsy girl“ Sáffi, the

daughter of the pig farmer who sees Barinkay's farm as his own property. After a lot of turmoil and Sándor Barinkay entering into the war, he can finally marry the love of his life.

With its historical surroundings, the Kufstein Fortress supplies an impressive backdrop for this world-famous operetta. Accompanied by famous soloists, an excellent ballet and outstanding orchestra, the performances are sure to be an unforgettable experience. The largely weatherproof cover over the southerly Josefsburg offers a unique space for a thrilling sound experience.
