Its art collection is one of the most important private collections in the world. Prince Hans-Adam II is the first Prince to be born in Liechtenstein. On 15 August 2004 he appointed the Hereditary Prince Alois, who is married to Duchess Sophie in Bavaria, as his representative and entrusted him with the affairs of state.

Hiking the history of a country.

The Liechtenstein Trail

Measuring a total of 75 kilometres in length, the Liechtenstein Trail leads through all eleven of Liechtenstein's municipalities and connects the principality's most beautiful and interesting sights while at the same time explaining the history of Liechtenstein via the app "LIstory" (Liechtenstein History).

The Liechtenstein Trail has starting points in each municipality. Due to the length of the route, we recommend dividing it up into several stages. Don't forget to download the app "LIstory", which brings the multifaceted history of the country to life and invites visitors to embark on a journey of discovery through the past, present and future of Liechtenstein.
