CORTINA D'AMPEZZO

The natural architecture of the Dolomites, **UNESCO World Heritage**, offers unrivalled and majestic views, softened by forest - covered ridges that gently descend toward the valley.

**AIRPORTS**

- Venezia VCE – 148 kms (91 miles)
- Canova/Treviso TSF – 137 kms (85 miles)
- Innsbruck INN – 162 km (100 miles)

The project, designed by Flaviano Capriotti Architetti is strongly inspired by the Alpine context.

The typical warm colours of the mountains are dominant. In the cozy atmosphere of the **Lounge** time stands still and the warmth of the stove embraces our guests giving unique getaways.

The rooms are characterized by a chromatic palette where brushed larch, wool, dolomite are common threads to achieve the highest comfort.

A sober elegance maintains a delicate domestic flavor thanks to the fine **details** such as the timber floor and the headboards of the padded wool beds that are decorated with botanical drawings of the alpine flora.

The **Bar** with its enameled lava stone stove is inspired to the traditional local Dolomite house.

Set in a unique location, the Restaurant is bounded by a glazed pavilion that allows breathtaking views over the Alpine landscape.

In the genuine atmosphere of an informal luxury, the cozy, quiet and intimate **Bistrot** welcomes guests for light lunches and private events.

A 70 sqm space with natural daylight connected to the Bistrot, the Veranda can host every type of event.

The **Spa** is the main catalyst for the guests' sensory experience: visual, tactile, olfactory and emotional.

The indoor swimming pool is unique in terms of size and structural features among the whole Alpine area.
